1. Programming Languages:
   - Java
   - Python
   - C++
   - JavaScript
   - Ruby
   - PHP
   - Swift
   - Kotlin
   - TypeScript
2. Web Development:
   - HTML
   - CSS
   - React
   - Angular
   - Vue.js
   - Node.js
3. Software Development Frameworks:
   - Spring (Java)
   - Django (Python)
   - Ruby on Rails (Ruby)
   - Laravel (PHP)
4. Mobile App Development:
   - Android
   - iOS
   - Flutter
   - React Native
5. Version Control:
   - Git
   - GitHub
   - GitLab
   - Bitbucket
6. DevOps and CI/CD:
   - Jenkins
   - Travis CI
   - Docker
   - Kubernetes
7. Databases:
   - SQL
   - MongoDB

- MySQL
- PostgreSQL

8. Cloud Technologies:
   - AWS (Amazon Web Services)
   - Azure
   - Google Cloud Platform (GCP)

9. Software Testing:
   - Unit Testing
   - Integration Testing
   - Test Automation
   - JUnit, PyTest
